DEAD GIRL'S FRIEND TESTIFIES THIS AFTERNOON

**COMMITTEE NAMED
TO ARRANGE DETAIL
OF ORGANIZATION
OF CHRISTIAN COUNCIL**

Churches of Albany, Decatur
and Austinville May Be-
come Affiliated

**UCIFIXION SUBJECT OF
EVANGELIST JONES**

vanis, Chamber of Commerce,
Officials and Sunbeam Mem-
bers Special Guests

Following the revival service at the
ernacle last night, when Bob Jones
led a powerful sermon on the
"ucifixion," a meeting was held on
platform, made up of the official
nbers of churches in Albany, De-
r and Austinville. The object of
meeting was to determine on the
tion of the formation of a Chris-
Council, such as was established
Montgomery following the religi-
campaign of Mr. Jones in that
By unanimous vote it was di-
ed that such an association be
ned, and E. C. Payne, T. M. Dix,
Judge L. P. Troup, were appoint-
to arrange for a meeting to perfect
organization. It was decided that
meeting be held at the Morgan
nty court house at 3 o'clock next
day week, October 2nd.

Representative Bodies Present

Two of the largest men's organi-
zations of the Twin Cities, the Ki-
nis club and the Albany Chamber
Commerce and city officials of Ala-
bama and Decatur were special guests
the Tabernacle last night. Also
there was a large representation from
"Sun Beam Societies". The mem-
bers of this organization sang as a
sial number "He fills me with His
e." Members of the Chamber of
mmerce sang: "Oh Listen to the
sters sing" The Kiwanis club sang:
"e welcome you, Bob Jones." A
utiful solo was sung by Mrs. F. G.
ok, and Loren Jones just before the
mon "He died of a broken heart."
In addressing himself to the subject
crucifixion of Christ, the Evange-
list said that the Savior bore all the
s before His birth and all the sins
come after His death. He said
a weight of sin made the earth
rrible and the heavens to mourn.
e speaker dwelt especially on the
ation of the thief on the cross, who
as saved, and his Savior. It was
clared that the strangest thing the
vior ever did was to take home to
radise, a man who was admittedly
fit to live in this world. Exclaimed
e speaker, "This poor fellow was
low down, that people would not
ve anything to do with him; but
us walked the streets of glory in
a company."

We cannot grasp the infinite
In the outset Mr. Jones said the
nite mind could not grasp the infin-
e, so there was no use to try it. He
id that Jesus was God, in human
rm, but that it was idle to try to
mprehend it all. Christ was de-
ared to be either very God, or else
e greatest impostor of all time. The
ower of Christ was said to be at its
ghest, when He redeemed dead soul-
e people. The raising from physical
each, was declared to be a lesser
miracle compared to the reurrection
power of Christ for those dead
n trespasses and sin. The miracles
e performed today, were pointed out
e showing how much more extensive
Christ's work is now, to what it was
when He raised Lazarus from the
rave. The case was cited of Mel-
trotter, who resolved to live right
fter being dead in drunkenness, but
who kept falling until he was saved
y Christ in the Pacific garden mis-
sion in Chicago. Many other cases
of twice born men were cited and
their work afterwards dwelt upon.

HUNGARY IGNORES ALLIED ULTIMATUM

*Declines to Evacuate West Hungary and
Instead is Mobilizing Force of
Thirty Thousand Men*

(International News Service)
PARIS, Sept. 23.—Hungary has ignored the allied ultimatum
to evacuate West Hungary and is rapidly mobilizing 30,000 troops,
according to an Exchange telegraph dispatch from Vienna today.

(International News Service.)
ROME, Sept. 23.—The Italian government is in favor of im-
mediate action against Hungary unless the Hungarian troops evac-
uate West Hungary within ten days, it was announced today. It
is proposed to establish a commercial blockade against Hungary
with military penalties, unless Hungary backs down.

GREAT BRITAIN OF OPINION DANGER IN CONFERENCE PLAN

(International News Service)
LONDON, Sept. 23.—Great Britain
has conveyed the opinion to the
United States that the agenda for the
Washington conference contains ele-
ments which may involve interna-
tional complications, it was learned
today from high authority.
Great Britain, it appears, has not
yet completely abandoned hope that
preliminary conversations can be ar-
ranged. Also the hope prevails in
certain official circles that there may
be some revision of the agenda to
make it more definite on some points.
The British fear that discussion of
limitation of land armament will pre-
cipitate trouble in view of the attitude
of the continental European powers
upon this subject. The informal
communication between Washington
and London, dated back nearly a fort-
night, when America invited Great
Britain to make any criticism she saw
fit on the outline of the agenda, which
was transmitted through Sir Auck-
land Geddes on September 12.

DISTRICT BAPTISTS HOLDING MEETING AT FIRST CHURCH

The Morgan County Baptist Asso-
ciation, representing 30 churches, is
in session at the East Albany Baptist
church, and expects to complete its
work Saturday afternoon, in time for
the 4 o'clock Louisville and Nashville
accommodation.
The sermon on missions was preach-
ed this morning at 11 o'clock, by Dr.
Charles C. Davison, Pastor of the
First Baptist church of Decatur. Dr.
F. Green, Financial Secretary of the
State Baptist Association is in attend-
ance on the convention, as are a num-
ber of other prominent laymen and
ministers. Dr. Bristow, head of the
Alabama Baptist Hospital at Selma,
made an address on the work in the
new hospital. Dr. L. Gwaltney, of
Birmingham, made an appeal in behalf
of the Alabama Baptist, of which pub-
lication he is editor. The election of
officers was had yesterday morning,
with the following result.
Moderator Rev. R. F. Stuckey
Clerk Dr. C. C. Davison
Treas. John A. Thomason.
A basket picnic was served on the
church lawn yesterday.

Further Loans for Cotton Growers

(International News Service)
WASHINGTON, Sept. 23.—The
war finance corporation today an-
nounced the extension of \$4,150,000
in credits to Southern bankers. One
loan of \$2,000,000 was for the purpose
of aiding cotton exportation, a loan
of \$1,000,000 was for carrying cotton
in domestic warehouses until it can
be exported. Another loan of \$1,000,-
000 was to aid in cotton exportation
and loan of \$150,000 was to aid in
the exportation of tobacco.

ADAMS URGES BIG CROWD TO HEAR JOHN WALLACE

(Montgomery Bureau, Albany-
Decatur Daily.)
MONTGOMERY, Ala., Sept. 23.—
John D. Adams, Chief Deputy, State
Prison Inspection Department, whose
former home was at Albany, when he
learned that Hon. John H. Wallace,
Je., Commissioner of Conservation,
has accepted an invitation to deliver
an address at the City Hall, at De-
cat, at 7 o'clock, Tuesday night, Sep-
tember 27th, said:
"I am delighted that Commissioner
Wallace is to speak at Decatur on the
vital subject of conservation of the
natural resources of the State, as they
consist in birds, game, fish and for-
ests."
"Commissioner Wallace was born
and reared in the Tennessee Valley.
He is the oldest official, from point
of service, at the head of any Depart-
ment of the State government of Ala-
bama, and is the oldest Commissioner
of Conservation, from point of service,
in the United States."
"Due to the unswerving fidelity to
principle and leadership of Commis-
sioner Wallace, Alabama today has splen-
did conservation laws, without which
practically the last vestige of birds,
game and fish in the State would
have long since been destroyed."
"Commissioner Wallace has a vital
message for the people of Albany and
Decatur, and it is my most earnest
hope that all thoughtful citizens, re-
gardless of the fact that they ever
hunted or fished, will come out to hear
him speak."
"Commissioner Wallace is recog-
nized as being one of the most forceful
speakers the State has ever produced,
and his fame as an orator and writer
is international."
"Everybody is invited to be present
at the time Commissioner Wallace
speaks, and the people of Albany and
Decatur are assured of a rare treat
without charge."

MEETING TONIGHT FOR ALL CARD MEN

According to announcement, at the
meeting to be held at the Masonic
theater tonight, in addition to ad-
dresses from S. E. Roper, Chairman
of the Louisville and Nashville system
federation, and Henry Wilson, Boiler
maker general chairman, reports will
be made to all card men, on the recent
information given to the federated
craft committee, by the two represent-
atives of the Railroad Department of
the American Federation of Labor. The
meeting will open promptly at 7
o'clock, and will be presided over
by E. G. Cherry, chairman of the
local shop federation. Only those
having cards will be admitted.

BUY GOODS NOW SAYS MATLOCK'S CASH STORE

In an interesting announcement
made today Matlock's Cash Store
says in part: "In all sincerity and
with all the emphasis we can put into
print, we recommend that you buy
your fall goods now." With the ad-
vance in price of cotton, cotton goods
are already advancing.

ALL FREIGHT RATES ARE INVOLVED NOW IN BATTLE LOOMING AS CITATION RESULT

Every Railroad in State Told to
Show Cause for
Charges

**ANOTHER EXTENSION
OF 30 DAYS PERMITTED**

Probable Hearing, Which Will
Start November 7, to
Last Month

(Montgomery Bureau Albany-
Decatur Daily)
MONTGOMERY, Ala., Sept. 23.—
Foreseeing a rate fight involving all
intrastate freight rates in Alabama
and comparisons with interstate rates,
the Alabama public service commis-
sion Thursday afternoon cited every
railroad operating in Alabama and
the receivers of all lines now being
haunted by the courts to appear here
November 7 and show "why this com-
mission should not establish a just
and reasonable scale of freight rates
on all commodities moving between
stations on your respective lines in
Alabama."

This citation means that before the
end of the year the public service com-
mission proposes to review every
freight rate now applicable to trans-
portation between points in Alabama.
It also means that the commission
proposes to find out for itself whether
or not there are discriminations
against interstate commerce by the
use of the intrastate rates in Ala-
bama.

All members of the public service
commission, including President A. G.
Patterson and S. P. Gaillard and B. H.
Cooper, associate commissioners, con-
curred in the citation which was mailed
to every railroad in the state
Thursday afternoon. This is the be-
ginning of the rate contest which has
been expected for some days. When
President Patterson was in Washing-
ton last week he received information
that the railroads operating in this
state proposed to file a petition with
the interstate commerce commission
for a general review of all intrastate
rates in this state, the contention be-
ing that many of them were improp-
er discriminations against interstate
commerce in that the state rates were
lower than the interstate rates.

Through the issuance of the cita-
tion by the state commission, it is
probable that the state authority will
be permitted to make its investigation
first in order that any discriminations
may be removed without the need of
an appeal to the interstate commerce
commission. In other words, the public
service commission believes it is
the proper tribunal for the adjust-
ment of inequalities in rates rather
than any commission outside of the
state.

With the issuance of the general
citation to the railroads, the commis-
sion announced that it had granted
another temporary extension of thirty
days for the operation of the twenty-
five per cent increase in freight
rates which was made effective by the
director-general of railroads while the
railroads were in the hands of the
government. This will leave the rate
situation undisturbed while the testi-
mony of the railroads and the shippers
regarding any general readjustment in
rates.

It is probable the hearing, which
will start November 7, will continue
a greater part of the month.

Extension of Time for Water Company

The Alabama Water company has
been given an extension of time until
October 15 to begin installation of
a settling basin as part of its equip-
ment here, according to a letter writ-
ten by Attorney General Harwell G.
Davis, attorney general, to John B.
Weakley, head of the water company,
a copy of which was made public by
the health department here today.
The controversy between health of-
ficials and the water company in re-
gard to the equipment here has lasted
several months.

MERGING OF NAVY AND WAR OFFICES UNDER ONE HEAD PLAN AGREED ON

Joint Committee Will Make
Recommendations for Drastic
Governmental Changes

**SECRETARY DENBY TO
BE LET OUT IS RUMOR**

Tentative Approval of Proposals
is Obtained by Chair-
man Brown

(International News Service)
WASHINGTON, Sept. 23.—Propo-
sal for the elimination of one cabi-
net member is made in the plan for
the reorganization of the executive de-
partments which will be submitted to
the President and his cabinet on Sep-
tember 30 by the joint congressional
committee on reorganization, it was
learned today. The reorganization
plan contemplates the merging of the
war and navy departments with the
elimination of one of the two heads
of these departments.

Inasmuch as Secretary Denby is
the junior member of the cabinet it is
understood that Secretary Weeks
would continue as head of the new de-
partment of national defense, pro-
posed by the reorganization scheme.
Those close to the administration to-
day admitted that the scheme un-
doubtedly will find much opposition
from members of the cabinet and in
congress, but for the most part the
administration is committed to the
plan.

Chairman Brown has consulted with
most of the cabinet heads on the
scheme and has secured tentative ap-
proval of the proposal. Brown es-
timates that the change proposed
would save the government from
\$300,000,000 to \$500,000,000 annually
through the elimination of duplicating
methods.

CHAIN OF GROCERY STORES WILL OPEN HERE SAYS RUMOR

The Piggly-Wiggly chain of stores
has obtained leases on several loca-
tions in the Twin Cities and shortly
will open a trio of stores in Albany-
Decatur, according to reports in cir-
culation here today. It was rumored
also that another big chain of stores
soon will open branches in the Twin
Cities.

According to well found informa-
tion here, during the past two weeks
a number of investigators for various
enterprises have been in the Twin
Cities looking over the local field and
gathering data for use in opening
branches here should Henry Ford be
awarded the Muscle Shoals project.
When the Louisville and Nashville
railroad shops put a large number of
men, back to work and the price of
cotton went to 20 cents, business here
received a great stimulant and now is
nearly normal, but local residents
realize that the award of the Shoals
to Ford would bring a business boom
to Albany-Decatur heretofore un-
dreamed of.

"Love Triangle" Results in Death

(International News Service)
NASHVILLE, Tenn., Sept. 23.—
Love for his cousin's wife is said to
have caused the conspiracy which re-
sulted in the death of Temple Mead-
ows in connection with which his wife,
Mrs. Reba Meadows and cousin, Joe
Rogers, are being held by police on
charges of murder. Meadows died
yesterday under suspicious circum-
stances and an autopsy disclosed he
had been struck in the back of the
head and his skull fractured. Rogers
and Mrs. Meadows last night con-
fessed to detectives a plot to do away
with her husband in order that they
might be married. Meadows was hit
in the head with a baseball bat while
asleep by his wife's side.

Harding Also to Get His "Taste" of Reservations

(International News Service)
WASHINGTON, Sept. 23.—Pres-
ident Harding faces today the
possibility of senate ratification
with reservations of the German,
Austrian and Hungarian peace
treaties just as former President
Wilson faced the possibility of
senatorial acceptance with reser-
vations of the Versailles treaty.

Whether reservations to the Ger-
man, Austrian and Hungarian pact
would be any more welcome to
President Harding than were re-
servations to the Versailles pact
to Mr. Wilson yet is to be disclosed.
Senator Borah's opposition to
the treaties, based largely upon
their close relation to the Versail-
les treaty, has suddenly created a
situation which is changing so
rapidly that even administration
leaders admit that they do not
know what its ultimate outcome
will be.

FORMER SHERIFF ALLEGED TO HAVE FOUGHT ATTORNEY

(International News Service)
FLORENCE, Sept. 23.—Trouble is
anticipated here today, following an
alleged assault yesterday upon John
L. Houghton, local attorney, by
George Mitchell, recently impeached
by the supreme court for malfeasance
in office while sheriff of Lauderdale
county.

The trouble is said to have followed
a cross examination of Mitchell by
Houghton in a liquor case in which
the attorney attempted to break
down Mitchell's testimony by refer-
ring to the removal of Mitchell from
office.

Mitchell is alleged to have assaulted
Houghton when the attorney left
the courthouse. Friends of both men
are said to be arming themselves ex-
pecting further trouble.

It is understood that Houghton
was instrumental in procuring evi-
dence against Mitchell which resulted
in his impeachment.

YAP SETTLEMENT REPORTED REACHED

(International News Service)
TOKIO, Japan, Sept. 23.—It is
reliably reported here that a settle-
ment of the Yap mandate question
with the United States is assured. It
is learned the foreign office expects
an announcement of the complete
settlement of the question along the
lines already reported to be made
soon.

There are some grounds for the be-
lief that announcement of the settle-
ment would follow a cabinet meeting
to be held this afternoon. It was
learned at the same time from an
official source that Japan has given
up hopes of negotiating a settlement
of the Shantung question with China
at this time.

Relief Fund For Explosion Victims

(International News Service)
BERLIN, Sept. 23.—More than
21,000,000 marks has been appropri-
ated for the relief of stricken families
at Oppau where the Badische Anilin
Fabrik company's plant blew up, kill-
ing approximately 1200 persons and
injuring about 2,000 others.
The foreign ambassadors called up-
on President Ebert to express the
condolence of their countries. A num-
ber of the victims were blinded by the
chemical fumes that filled the air af-
ter the explosion.

ASSOCIATION MEETS

It was announced today that the
Tennessee Valley Poultry Association
will meet at 7:30 o'clock Saturday
night at the courthouse.

SECOND REEL WITH FATTY A TRAGEDIAN WILL BE "SHOT" IN COURT LATE TODAY

Another Record Crowd Presses
for Admittance as Court
is Opened

**BAMBINA DELMONT TO
APPEAR FOR THE STATE**

Other Show Girls Will Tell Story
of the Wild Labor Day
Party

SAN FRANCISCO, Sept. 23.—The
second reel of Roscoe "Fatty" Ar-
buckle's first appearance as a trage-
dian was to be "shot" this afternoon
before an audience of women that
promised to eclipse previous records
in attendance.

At the second session of the pre-
liminary hearing the comedian was
scheduled to face his accusers as the
state proceeded to lay before Judge
Lazarus the evidence on which Dis-
trict Attorney Brady expects Ar-
buckle to be held for trial in superior
court charged with the murder of
Virginia Rappe, film actress who died
following attendance at Arbuckle's
labor day party.

Bambina Delmont, friend of the
dead girl, who accompanied her to the
party, was to appear as a prosecuting
witness. For the first time since the
party she is to face the man she al-
leges attacked and injured her friend.

Backed up by her testimony the
state is expected to call two other
show girls who also were there. The
late hour of convening, two o'clock,
made it doubtful whether the state
could complete its case today as
scheduled.

TREATIES REPORTED FAVORABLY BY THE SENATE COMMITTEE

WASHINGTON, Sept. 23.—The
senate foreign relations committee to-
day voted to report favorably to the
senate the treaties of peace with Ger-
many, Austria and Hungary, trans-
mitted by President Harding on Wed-
nesday. Before reporting the treaties
the committee adopted a reservation
stipulating that the United States
shall not participate in any agency
created by the Versailles treaty with-
out an act of congress authorizing
such participation. The vote was 9
to 1, only ten of the 16 members of
the committee being present.

The vote cast against the treaties
was that of Senator Borah, Repub-
lican, of Idaho.

WASHINGTON, SEPT. 23.—Am-
erican soldiers now on duty along the
Rhine will be withdrawn soon after
the United States ratifies the Ger-
man-American peace treaty, accord-
ing to assurance given today by Sen-
ator Harry S. New, of Indiana, who
said he spoke for President Harding.

Popular Engineer Retired on Pension

W. A. Clark, of Albany, one of the
best known engineers on this division
of the Louisville and Nashville rail-
road, has been retired by the road on
a pension after 42 years of service
with the organization, as an engineer.
Mr. Clark has made his home here
34 years, being transferred to the
local yards after suffering an injury
to his foot. Twenty five years ago
he constructed his handsome home on
Johnston street and has resided there
continuously since that time. He ex-
pects to continue his citizenship here,
he said.

ORGANIZATIONS MEET

Special guests at the Tabernacle
meeting tonight were requested to
meet as follows: American Legion
and ex-service men at 7 o'clock on the
courthouse lawn; W. C. T. U. mem-
bers meet at the home of Mrs. J. F.
Lovin, Ferry street, at 6:45 o'clock.

LET US DISARM SUSPICIONS

The outstanding fact the disarmament conference will have to face is that a billion dollars is being spent yearly by America, England, and Japan for naval armament. This country alone spends \$410,000,000 a year for its navy. That would not be such a bad investment, if it paid anything, but it is a total loss—there is no income from it, whatever.

Besides, many thousand of our best citizens are thereby kept out of productive industry.

When it is reflected that the great powers mentioned were recent allies in a great war, and are now on friendly terms, plain every day citizens can see no reason why such an expensive naval program cannot be done away with.

There is no way to account for such stupendous naval costs except to realize that the nations of the world are continuing their mad race, the one to out strip the other in military preparedness.

Such a mad race could not be possible, but for the fact, that fear is one of the deep seated and persistent instincts of the race.

English fear of America is used to boost that country's naval program to the skies, while the fear of the Japs for the great white races is not overlooked by those who are interested in getting the money for building a great navy for the Hermit kingdom.

We cannot face the great rise in Naval expenditure in this country too often or too seriously.

In 1913, we were paying only \$155,000,00 for naval purposes, while now our navy is costing \$410,000,000, and the senate this year tried to make the figure \$500,000,000 but failed. If nothing is done to prevent them the naval budgets of this and other nations will be raised to a billion dollars per annum in a few years.

The first question to claim the attention of the disarmament conference should be to find some way to stop, at once any further expenditure for naval purposes.

As Senator Underwood stated, another task, will be, to teach the world that America at least of all the great nations has no designs on the territory of any nation. America should lead in the superhuman effort of disarming the suspicions of the world. Until the nations are convinced that force is no longer the argument of their neighbor nations, disarmament that will disarm will remain a thing talked of but never done.

WEDNESDAY'S RAINBOW
MADE A BEAUTIFUL PICTURE

None of the millions of rainbows, that through the ages have appeared, to cause delight and to arouse wonder, could have had much on the one that was visible here late Wednesday. To be exact, two bows appeared, not just one. The distinct and shorter one was never more distinct while the longer one usually very indistinct, was quite visible all the way over, an occurrence that is quite unusual. While it is known to all, that reflections

of the sun's rays on rain drops cause the rainbow, the reason for the appearance of a primary and secondary bow may not be the possession of all.

A scientist named Theodorich, is credited with giving the explanation in the year 1811. He says that the primary bow is due to the rays of light falling on the outer portions of the rain drops, which suffer two refractions and one reflection before they reach the eyes, and he says that the secondary rain bow is caused by rays falling on the inner side of the drops and suffering two refractions and two reflections before reaching the eye.

No phenomenon of nature has so strong a hold on the imagination of mankind as does the appearance of the rainbow. Because this is true it is easy to understand why it was referred to as a token and a promise, after the ordeal of the great flood had passed. In Genesis 9:11-17 the following reference is made to the rainbow: "And I will establish my covenant with you; neither shall all flesh be cut off any more by the water of the flood neither shall there be any more a flood to destroy the earth. And God said, 'This is the token of the covenant which I make between me and you, and every living creature that is with you, for perpetual generations; I do set my bow in the cloud and it shall be a token of a covenant between me and the earth. And it shall come to pass, when I bring a cloud over the earth that the bow shall be seen in the cloud; And I will remember my covenant which is between me and every living creature of all flesh and the waters shall no more become a flood to destroy all flesh. And the bow shall be in the cloud and I will look upon it that I may remember the everlasting covenant between God and every living creature of all flesh that is upon the earth. And God said unto Noah, this is the token of the covenant that I have established between me and all flesh that is upon the earth.'"

One of the pet traditions that has grown up around the rainbow, is that at its end, (either end) are to be found bags of gold for all who will go to the end of the rainbow. The tradition is popular, perhaps, because it holds out the idea that sufficient perseverance will accomplish all things.

Incidentally, an interesting thing about the rainbow, is that there are seven distinct colors in it, known as the seven standard colors. They are red, orange, yellow, green, blue, indigo, and violet. A convenient way to remember these colors in their proper order is to learn "by heart," the following direction recalling that the first letter of each word stands for a color of the rainbow: "Read over your Greek book in vacation." Another way to hold the colors in memory is to learn to spell the following word, remembering that you begin with "violet"—"Vibgyor."

The open season for hunting jobs may close if reemployment continues at its present rate.

The drop in taxes is remindful of the fall in the high cost of living.

When Congress finds out what a large accumulation of old work awaits it, the boys may wish they had kept at work instead of going on a vacation.

The letters plying between Lloyd George and De Valera, are not very friendly and some times they seem positively unfriendly to each other. But still they seem to say between the lines that there is a chicken or two around the house that could be killed in case any company should arrive unexpectedly.

The women orators who are planning to be President, may think again when they find out what an unpleasant reception Queen Wilhelmina's recent throne speech got.

Col. E. M. House is making a strong come back or rather he is going back on his record for silence. He now speaks to the whole world every time he can get his newspaper pieces printed.

Committee Named
to Arrange Details

(Continued From Page 1.)

words of how the Savior must have looked on the cross. His hands that has comforted the pain knotted brows of a many, that had opened the eyes of the blind, and cleansed the lepers were feelingly referred to. His feet, on which He had walked twenty five miles to raise the widow's son, and His heart, struck through a cruel spear point, were spoken of. The speaker said that he could not understand how any one could help loving Him and confessing Him. It was stated that no place in the Bible ordered any one to pray for their safety, but that it could be done and should be done just as the redeemed thief asked for salvation. The prayer of the Publican, who would not so much as lift up his eyes, but who smote on his bosom saying "Lord have mercy on me a sinner, was declared so beautiful to the ears of the angels that they laid their golden harps down to listen. The same conditions were said to have been met by the thief as by the Prodigal. Mr. Jones said we must see our selves as we really are, and then we will want to see Jesus as He is.

A Proof of total Depravity

In describing how people passed and seeing the thieves in mortal agony began to rail on them wagging their heads, Mr. Jones said that such an attitude was absolute proof to him of the existence of total depravity among some people. He said that anybody who could glory in the misery of another was a total wreck. In speaking of the danger in sin, the speaker said that all he was afraid of was sin, and often repeated the sentiment. He said it might do to play with high voltage electrical machines, but with sin, never. Jesus accept Him or reject Him—was declared to be the supreme issue and the only issue in life. He said all must be either Christ's friend or His enemy.

Pimples Denote
Waste Products
In The Blood

So Do Blackheads, Boils and Similar Skin Disorders.

The human system is forever striving to get rid of the waste products. It is a life-work which goes on forever. When waste products get in the blood, they cause a lowered vitality. As a result, we become subject to many painful and embarrassing ailments.

When these symptoms appear, Nature is warning us. To throw off the waste products, the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address Chief Medical Director, Swift Specific Co., 741 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.

666 cures Malaria, Chills and Fever, Bilious Fever, Colds and LaGrippe, or money refunded. (Adv.)

Analysis of
SENECA SPRINGS
WATER

Total Solid Matter—8.66 grains per gallon.
Volatile and Organic Matter—0.96 grains per gallon.

The following constituents were found to be present:

Iron traces
Alumina traces
Lime relatively large amount
Magnesia fair amount
Sodium fair amount
Potassium small amount
Chlorine (combined) small amt.
Carbonic Acid (combined) relatively large amount.
Sulphuric Acid (combined) small amount.

B. B. ROSS, State Chemist.

I consider the above report as "Excellent." The proportion of organic matter being exceedingly small.

A mother's problem—what
food gives back the energy
a child uses up daily?

CHILDREN use up a tremendous amount of energy every day. Every mother of a healthy, sturdy youngster will testify to this. Children need richly nourishing food to supply this energy, and also to supply food for growth.

The selection of this food is your most important duty. You cannot give too much care to this matter. Grape-Nuts, the rich, wholesome cereal, made from whole wheat flour and malted barley, with milk or cream, supplies very necessary requirements for the growing child.

If you want to help your children to be rosy, sturdy, full of vitality and vigor, give them plenty of delicious Grape-Nuts, crisp, sweet and satisfying

Go to your grocer today and get a package of health-building Grape-Nuts. Give the youngsters this invigorating food with milk or cream, and see how they will thrive on it and grow strong, robust and sturdy.

Grape-Nuts—the Body Builder
"There's a Reason"Coal Famine is
Due Within the
Next 60 Days

(International News Service)
WASHINGTON, Sept. 22.—The gravest coal crisis confronting the nation in years is due within the next 60 days, John B. Pratt, of the National Coal Association, predicted today.

Nothing short of a coal famine during the coming winter faces the middle west and north west which are supplied by the bituminous coal fields according to present indications. The weekly production of bituminous coal has been nearly 2,500,000 tons short of normal. Added to this shortage is the problem of transportation.

When the rush season begins, which will be about the middle of October, the railroads will not have enough cars to move coal to supply the demand, according to Mr. Pratt.

Queen of Morgan County
Nomination Blank

Miss
Town or Route

Morgan County is expected to send its most beautiful young lady to the Birmingham Semi-Centennial Exposition week of Oct. 24 to 29. This queen is to be selected by popular ballot under the auspices of the Albany Chamber of Commerce. She will be one of 67 Queens from Alabama counties who will receive President and Mrs. Harding while on their visit to Alabama. She will be entertained royally, without cost during her stay in Birmingham.

Candidates for Queen of Morgan County must first be nominated, then voted on. Clip this coupon, fill in with name of the young lady you would like to see elected, then mail to the Albany Chamber of Commerce. Names of those nominated will be published in the Daily on Monday, Sept. 26. Then the voting will begin. Send this coupon in today.

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, running, hissing noises in your ears go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1-4 pint, of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial. —Adv.

PLAN CONSOLIDATION
MONTGOMERY, Sept. 23.—(Special)—Plans for the consolidation of service and the saving of money wherever possible will be made by the American Railway Express Company and the railroads in Alabama, Louisiana and Mississippi over which the express company operates as a result of a conference between high officials of the company in Montgomery Thursday.

CARD OF THANKS

We want to sincerely thank our many friends for their expressions of sympathy and kindness to us in our recent bereavement.

Signed:

Mrs. James H. Corsbie

Mr. and Mrs. J. C. Gill
Dr. and Mrs. R. M. McGlathery
Mr. and Mrs. H. R. Sherrill.

COTTON MARKET OPENING IS ACTIVE

(International News Service)
NEW YORK, Sept. 23.—The cotton market had an active and easy opening today at a decline of 8 to 37 points. The heaviest selling seemed to come from the South and there was, in addition, considerable pressure from spot houses and Japanese interests. The buying, which was scattered, came chiefly from trade and commission houses. Quotations from Liverpool at first were stronger due from bullish crop advices from this side, but they reacted sharply before the start here.

Covering orders eventually rallied and the list at the end of the first 15 minutes was steady, showing a net loss of about 10 points.

CITY DESTROYED

SHREVEPORT, La., Sep. 23.—Telephone reports from Cedar Grove say that fire, which started from some mysterious source, this morning destroyed every building on the north side of Seventeenth street, doing damage of \$200,000. There was no insurance, the different companies having refused to write policies because of no water supply.

Time to Face the Facts

"So much has been said against the use of patent medicines that I have had a strong prejudice against them. But after four years doctoring with six different doctors, without results, for acute indigestion, gastritis, constipation, appendicitis and other ailments, I was said to possess, I was encouraged to try Mayr's Wonderful Remedy, seeing what it had done for a friend similarly afflicted. I also was entirely relieved of my trouble, and am sure this medicine will do all and more than is claimed for it. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At All druggists.—Adv.

HULME-HOLTMAN

A. J. Holtman announces the marriage of his daughter, Emma, to John E. Hulme, the wedding having taken place at the Lutheran Parsonage, Louisville, Ky., on Sept. 22nd at high noon, Rev. Praetorius officiating.

The couple will make their future home at Georgetown, Ky., where the groom is connected with the A. T. & Tel. Co.

The bride was attired in blue velvet suit with brown accessories.

Mrs. C. R. Farrer, of Memphis, Tenn., is the expected guest of her parents, Mr. and Mrs. W. T. Wiles.

All Club women of Albany-Decatur are to be the special guests at the Tabernacle this evening. The invitation included members of the following clubs: Progressive Culture club, Woman's Music Study club, Junior Music Study club, Saturday club, Cotaco club, Woman's Literary club and Berean club.

Miss Minnie King, of Leighton, was the guest Thursday of Miss Maud Odum, en route to her home from Nashville, Tenn.

Little Virginia Coke, of Clarksville, Tenn., will arrive Saturday to be the guest of her aunt, Mrs. Wm. R. Nelson for the winter. She will attend Miss Rebecca Leaningham's school.

Miss Amanda Pride will visit friends in Madison this week.

Miss Gussie Bennett has recovered from a recent operation for appendicitis. She has returned her duties as stenographer for Penney & Whitman.

Granddaughter of Millionaire Shot

(International News Service)
NEW YORK, Sept. 23.—Mildred Hanan, granddaughter of the late multi-millionaire James H. Hanan was shot twice and seriously wounded by Mrs. Grace Lawes, a jealous rival who then ended her own life. Miss Hanan was being escorted to an automobile by John S. Borland, an exporter after a call upon friends, when accosted by Mrs. Lawes. Borland, the only witness of the shooting, admitted to the police that jealousy of him probably was the cause of the tragedy.

NOTICE OF SALE OF REAL ESTATE

The undersigned, under and by authority and order of the Probate Court of Morgan County, Alabama, will, on the 24th day of October, 1921, between the hours of 12:00 o'clock noon, and 4:00 o'clock P. M. offer for sale the following described real estate, situated in Morgan County, Alabama, to wit:

Vacant lots Numbers 2 and 4 in Block Number 2, of Frye's Magnolia Park Sub-division to Decatur, Alabama.

House and lot number 22, in Block 34, Addition 4, of Decatur Land Improvement & Furnace Company to Decatur, Alabama.

House and lot Number 24, in Block 64, Addition 4, of Decatur Land Improvement & Furnace Company, Decatur, Alabama.

House and Lot Number 13, in Block 63, Addition 4, of Decatur Land Improvement & Furnace Company to Decatur, Alabama.

Said sale to take place in front of the Court House Door, in Decatur, Alabama, and will be on the following terms: All cash or one-third cash, one-third in one year, and one-third in two years, deferred payments to be secured by first mortgage on property sold, with provision in the mortgage for sale in case of default in any part of the purchase money.

The several tracts of land above described will first be offered separately, and then as a whole, and the way they bring the most, will be considered as the sale made, sale subject to confirmation.
